

Agency and Public Review and Comments

MCAS Miramar has coordinated the development of this INRMP with the U.S. Fish and Wildlife Service and the California Department of Fish and Game, as required by the Sikes Act. Appendix F includes copies of correspondence regarding this coordination.

MCAS Miramar provided the USFWS, the California Department of Fish and Game (CDFG), California State Historic Preservation Office, interested Indian tribes, 42 potentially interested parties, MCAS Miramar lessees/easement holders, and the general public with opportunities to review and comment on drafts of the INRMP. The Draft INRMP was made available in public libraries in early October through December 12, 2005, and it was posted on the MCAS Miramar web site (www.miramar.usmc.mil) during the same period. On October 30, 2005 a Public Notice was placed in The San Diego Union-Tribune announcing the availability of the Draft INRMP for review and comment in local libraries and on the MCAS Miramar web site. The Draft INRMP public comment period began on October 3, 2005 and ended on December 12, 2005.
